Announcements

Your “Virtual Assistant” is On the Horizon!

Oracle Guided Learning is on the horizon and we can't wait for it to be available for Oracle Financials Cloud users! Our team has been hard at work revamping our training and guidance resources to create a more comprehensive support system for our users. As part of this effort, we have transformed over 60 traditional 'how-to' articles from our knowledge base and WalkMe guides into our new On-Guide Learning format. Based on the popularity of WalkMe in Concur, it will continue to be available through the end of this fiscal year. Don't miss out on the latest updates, announcements, and important information—check out the [OGL Blink page](#) to stay in the loop!

We appreciate the partnership with UC San Diego Division of Extended Studies and the support from supervisors across campus and health sciences.

Composite Benefit Rates (CBRs) are available for FY25

The FY25 CBR rates have been updated in the [Composite Benefit Rates \(CBRs\)](#) and [CBR Rates History](#) Blink pages. Since UC San Diego transitioned to UCPATH, we have been utilizing CBRs for all financial planning activities, including sponsored agreement proposal budgets.

The CBR rate represents an average of all eligible benefits applicable to an employee group, streamlining the process of assessing individual employee fringe benefits. For any inquiries or concerns regarding CBRs, email CBR@ucsd.edu.

BI & Financial Reporting

Cognos Reports & Dashboards - Prompt Page Redesign

Last December, several financial Cognos report prompt pages were redesigned (refreshed layout and design for prompt consistency - more details on the [12/12/2023 Budget & Finance Weekly Digest](#)). Now, this redesign has been applied to the remaining financial Cognos reports:

- Assessment Reconciliation
- Closed PPM projects with GL balances
- Cost share reconciliation
- Transactions on no project
- Graduate student funding
- Project setup to GL match errors
- Recharge transactions
- UCPath-PPM-GL salary reconciliation

Extra special thanks to those who participated in the prompt page redesign focus group: Tom Bernal, Gaye Hill, Jeff Woods, Thomas Joyce, Janice Wu, Diane Girling, Teresa Wassum, Hannah Van Etten, David Grayson, Kim Nguyen Wong, Taylor Benarieh, Janessa Goncalves, Shan Poon, Fritz Leader, Angela Robles, and Katy Schoeneweis.

Enhancement Release: Cost Share Reconciliation

The Cost Share Reconciliation is an essential tool for anyone managing cost share. Review it to identify misposted cost share transactions and unfunded cost share. The following enhancements have been made to the dashboard:

- Separated Direct/Indirect costs on the PPM Summary tab in order to make identification of costs needing correction more efficient, and added a prompt to view it with or without the separation (defaults to 'with')
- Added drill through on 'Expenditure Funding Source' to Expanded Project Summary - PPM page

Special thanks to Jennie Morrow for submitting these enhancement requests.

Tips & Tricks

Cognos and Oracle Tips & Tricks

To get access to reports available on the Business Analytics Hub (bah.ucsd.edu), go to the page that houses the report and click on the "Request Access" button, which is located in the upper right corner. You'll be redirected to a form that you can fill in for yourself or on behalf of someone else.

Depending on the group that owns the report, you'll need to request access from a different page on BAH (Budget & Finance, HR/Payroll, etc.). For example, if you need access to the DOPE report, you'll click on the "Request Access" button from the HR/Payroll page on BAH.

Planning Personal Time Around Your Business Trip? Here's What You Need to Know!

Here's what to keep in mind: When mixing personal time with business travel, your airfare should only cover the business days. Any extra days beyond the business travel period require you to provide comparable airfare. Comparable airfare should be obtained at the time of booking travel, filter for economy class and search for the business dates only. The business portion of the airfare will be reimbursable per UC policy. If your comparable airfare costs more, you will be reimbursed in full. If it's less, the lower amount is reimbursable. For detailed examples, check out the Blink Travel Policy [Policy on Air Travel](#).

Quick Reminder: Verify Payment Methods are listed on Receipts

When submitting required receipts, double-check that they display the last four digits of the card used and show the total amount paid. If your receipt lacks this information, you can provide a redacted bank statement instead.

For airfare receipts, oftentimes any changes in the itinerary will list the payment method as "miscellaneous document, previous ticket was applied to this airfare" or something similar. To prevent delays in reimbursement, always attach the original ticket indicating the original form of payment to your expense report.
