

Revista de Julio 2022

Soy Whitney Lux, maestra de tercer grado en Gib Olinger Elementary en Milton-Freewater. Es mi primer año como maestra, una de mis grandes metas es crear conciencia sobre la inclusión y la aceptación de los demás. Para lograr esto, he leído varios libros a mi clase que cubren una variedad de necesidades especiales. Quiero compartir algunos de los libros que leí con mi clase, de qué se trataba la premisa de cada libro y el impacto que tuvo en mis estudiantes. Una Nota de Padres a Padres

¡El verano ya está aquí! Es un momento para relajarse de una agenda ocupada para algunos, y para hacer malabares con los niños en casa y el trabajo para otros. Como WWVDN y Parent to Parent no ofrecen tantas

reuniones y actividades en el verano, esperamos que aproveche las muchas oportunidades que están sucediendo alrededor de nuestra comunidad. Echa un vistazo a nuestro calendario de actividades que están sucediendo alrededor de nuestro encantador valle. El personal puede reunirse con usted en persona para tomar un café y charlar o para obtener más información sobre los recursos, simplemente llámenos. También estaremos en la piscina Veteran's Memorial todos los viernes por la mañana para la natación adaptativa de 9 a 11 a.m. para disfrutar del sol y visitar. Tenga la seguridad de que estamos planeando un calendario completo de actividades y reuniones en el otoño. ¡Disfruta de tu verano y mantente fresco! Atentamente, Angie e Ysabel

Portable Air Conditioning Units

DDA clients living in an in-home setting may be able to obtain a portable air conditioning unit through the Low-Income Energy Assistance Program (LIHEAP).

- There is a limit of one AC unit per household.
- Air purifiers are also available for clients living in areas that are historically known to be impacted by smoke from wildfires.

You are encouraged to submit your request as soon as possible, before the weather gets hot and air conditioners are in high demand.

The AC unit will be delivered to your home, but it will not include installation.

For more information, contact: LIHEAP@commerce.wa.gov or call 360-725-2857

Affordable Connectivity Program

What is the Affordable Connectivity Program?

The Affordable Connectivity Program (ACP) is a [Federal Communications Commission \(FCC\) program](#) that replaces the Emergency Broadband Benefit Program (EBB Program) to help low-income households pay for internet service and connected devices.

If your household is [eligible](#), you can receive:

- Up to a \$30/month discount on your internet service.
- Up to a \$75/month discount if your household is on qualifying Tribal lands.
- A one-time discount of up to \$100 for a laptop, tablet or desktop computer (with a co-payment of more than \$10 but less than \$50).
- The Comcast Internet Essentials Plan at no cost (after subsidy).

Only one monthly service discount and one device discount is allowed per household. To receive the connected device discount, consumers need to enroll in the ACP with a [participating provider that offers connected devices](#) (Note: not all internet companies offer device discounts.) The internet company will provide the discount to the consumer.

DISABILITY AND MEDICAL ALERT DESIGNATIONS FOR DRIVER LICENSES AND ID CARDS

The Department of Licensing has been working with stakeholders on [Senate Bill 6429](#), a bill that passed the Legislature in 2020 and takes effect January 1, 2022. The bill allows individuals in Washington to add a designation to their driver license or ID card when they:

- Have a developmental disability.
- Are Deaf or hard of hearing.
- Have a medical condition that could affect their communication or account for a medical emergency.

Medical
Condition

The bill ensures first responders, such as law enforcement and emergency medical service providers, have the information they need at traffic stops and in medical emergencies on roadways.

Throughout the conversations and discussions with stakeholders, we received feedback on how to design the designations in ways that helped first responders understand them while affirming customers' individual identities. Stakeholders wanted to ensure this process was inclusive and accommodating to all who could use these designations.

Developmental
Disability

Kindering embraces children of diverse abilities and their families by providing the finest education and therapies to nurture hope, courage and the skills to soar.
