Welcome Summer Research Interns

We are thrilled to welcome to campus 9 high school Aspirnaut™ Summer Interns from 7 states and 24 undergraduate interns from 10 states plus Puerto Rico.

Aspirnaut™ is excited to announce the addition of several novel and exciting components to its programming this summer. Aspirnauts start their summer with an introductory **Lab Skills Course**, where participants became familiar with the laboratory environment received training in DNA and protein electrophoresis, cell culture, and microscopy. **Science Communication** is expanded to include sessions by national and international experts on science writing, graphic design, and marketing scientific work.

We continue our focus on matching talent with opportunity. And, we congratulate all who **aspire, seek, and achieve.**
