A Note From Parent to Parent...

2022 has flown by and as we say goodbye to the year and embark on a new year, I would like to thank all of you who volunteered, came to meetings and events, read our newsletters, and supported our programs. It has been a great honor to meet with you either in person, on phone, zoom etc. I have enjoyed this year and the new programming we have offered and the stand by programs that we have done for years. I think you parents are pretty awesome and having the support of each other enriches our journey and makes it just a little easier. I look forward to the new year and starting with a robust calendar of events for all ages. Please reach out for questions, concerns, suggestions and assistance. We would love to hear from you!
