GAME OF THE WEEK

Huckle Buckle Beanstalk

- **Materials Needed:** A small, unique object to hide (beanbag, marker, etc.)
- **Set Up:** Remind everyone to be fair and honest during the game- especially when the object is being hidden. Decide on a starting area for each round- this could be a couch or a desk. This is where everyone will stand while the object is being hidden. Choose one person to hide the object first.
- **How to Play:** To begin, have everyone in the starting area put their heads down and close their eyes. One person will take the object and hide it in plain sight somewhere in the room. The seekers shouldn't need to touch, rearrange, or open anything to find the object. Once the object is hidden, the hider can return to the starting area and let everyone know to begin searching. The goal of the game is to find the hidden object as fast as you can and keep it a secret from the other players. When you find the object, don't give away its location by pointing or picking it up. Simply go back to the starting area and say, "Huckle Buckle Beanstalk!" Keep playing until everyone has found the object, then choose someone new to hide the object.
- **How to Win:** Be the first person to find the object!
