Message

Dear Salpointe family,

It's another great day to be a Lancer! We continue to live the sacred mission that is the essence of Salpointe: we are a Catholic, Carmelite school focusing on the virtues of prayer, service and community. We work with parents to prepare our students for college and career, for this life as well as for eternal life.

We serve Tucson's economically, academically and culturally diverse population. We offer a holistic education that fosters faith, encourages the pursuit of excellence, develops servant leaders, affirms the dignity of every individual, and promotes global social justice. This mission is

CATCHING UP WITH Carter Comstock '05 and Michael Wystrach '98

Carter Comstock '05 and Michael Wystrach '98 are the successful duo behind *Freshly*, a prepared meal delivery company that ships over one million prepared meals per week throughout the United States. Started in 2012 right here in Southern Arizona, *Freshly* expanded nationally in 2015 and now has 3,000 employees. The idea to co-start/own this company together was a natural one for Michael and Carter, who have been friends for 15 years. Carter, with a health and fitness-oriented mindset and Michael, with a passion for business and entrepreneurship, worked well together and were truly the ideal consumers in those early days. They knew what it was like to not have time to cook and wanted to provide easy, healthy options. Michael's personal favorite *Freshly* meal is the chicken parmesan, while Carter named the turkey chili as a stand-out. When they launched the company, their meal service was the first of its kind, and even now, with various competitors, they still stand out among the rest. *Freshly* offers fully-prepared, ready meals, from a truly consumer-focused company that is ten times larger than their competitors. What began as a way to simply try to make it easier for people to eat healthier in Tucson quickly grew and became the huge success it is today.

Michael and Carter both attended Salpointe followed by the University of Arizona. Asked what their favorite memories were from their time as Salpointe Lancers, Michael described his experience as "foundational and instrumental...I may not have always appreciated it at the time, but I now truly appreciate the quality of the education I received and the level of true passion from the staff." As for Carter, he enjoyed "the culture, athletics and the people; a lot of my closest friends to this day are people I went to school with."
