Jenner were able to take Webster back home to get reacquainted with old friends. We were concerned Webster would be too lonely, but we are grateful that owners Robert and Edie no longer manage his pain and provide him with a good quality of life. Without Sherman, we unfortunately, Sherman was diagnosed with hip dysplasia and after seventeen years, we could say goodbye to Sherman.

Celebrating our Graduates

Saying goodbye to Sherman was bittersweet. We are thankful for the time we had with him and the joy he brought. Despite the sadness, we are happy to welcome Jenner back into our family.

It is with the greatest respect for each individual's circumstance at this time that we reach out to you, a member of the Saddle Up! family, to ask if you would consider reaching out to you, a member of the Saddle Up! family, to ask if you would consider supporting our herd and our rider subsidy with a tax-deductible donation.
