Gradstravaganza

College of Science Transfer Tuesdays
August 14-16, 2020 | Vote for winners to be announced Monday August 17 by 5 p.m.

OSCAR Summer Student Scholarship Virtual Celebration

What happens to viral particles on the subway

Molecular Medicine

Risk of dengue by John Hollis

Researchers sniff out diseases in the built environment or read the systematic application of computing and computational solution techniques to mathematical models

Featured in the New York Times by Mika Gröndahl, Christina Goldbaum and Jeremy White, simulation graphics from Rainald Löschner.

What happens to viral particles on the subway

Researchers sniff out diseases in the built environment or read the systematic application of computing and computational solution techniques to mathematical models

Featured in the New York Times by Mika Gröndahl, Christina Goldbaum and Jeremy White, simulation graphics from Rainald Löschner.
