Questions?

The work group call on June 20th will feature Dr. Sean Kelly, who will be available to field questions related to the project, specifically PrEP.

SEPTEP Feedback

As we all know, the Southeast Practice Transformation Expansion Project (SEPTEP), is coming to an end. If you would like to speak with Sierra in regards to your experience with this project, whether it be in regards to the live training, work group and/or culture change calls, she would love to speak with you! Please do not hesitate to reach out to her! A Doodle Poll has been created with dates and times for each health center to choose from. She will be taking calls from May 31, 2018 through June 8, 2018. All feedback, whether it be a comment, success or challenge, will be included in the final report. Please do not hesitate to let her know if you have any questions, comments or concerns! Thank you!

Coaching for Culture Change: Community of Practice Sessions

These sessions with Dr. Bill Cooper are an extension of the Culture Change workshop completed at the two day training in December. The goal of these sessions is to address barriers and challenges in implementing the Southeast Practice Transformation Expansion Project (SEPTEP) goals at your health centers.

Missed a session?

We have you covered. The sessions are posted on the SEPTEP homepage under the Culture Change Coaching Webinars title (as shown below).
