Congratulations to the 2020-2021 Parent Association Scholarship Recipients

A NOTE FROM THE PRESIDENT

Dear Families,

As we approach the end of the 2019-20 academic year, I want to acknowledge the incredible resilience of our LSU family. The safety, well-being and education of your loved one is—and always will be—our highest priority at LSU. The safety, well-being and education of your loved one is—and always will be—our highest priority at LSU. The safety, well-being and education of your loved one is—and always will be—our highest priority at LSU. The safety, well-being and education of your loved one is—and always will be—our highest priority at LSU.

In March, we made the decision to close our campus and transitioned to online courses for the remainder of the spring semester. At that time, we did not know that myLSU would become the main way students stay connected to LSU, that Navigate would be used by all students to connect with their academic advisors moving forward, and that our entire community would need to work together to ensure the well-being and success of our students.

This, of course, has meant new realities and new challenges for our students. Many have moved back home, and for the first time, their friends are trying to keep them company while they’re away. Many work from home, and for the first time, they’re trying to figure out how to manage a work/life balance. And, for many, this disruption is happening in the midst of a global health crisis that continues to affect us all.

Many people, myself included, have called these times the “new normal” or “our new reality.” It is such a lie. The normal is our communities working together in times of crisis. The normal is our students being supported to reach their full potential. The normal is our entire community working together to support students in need.

At this time, we have seen the incredible resilience of our LSU family. It is difficult to imagine this year being anything other than normal. But as we approach the end of the year, we need to be cautious, and we need to be thoughtful. We need to continue to adapt, and we need to continue to support our students. We need to continue to support each other.

This month, we are proud to announce that the LSU Foundation has awarded $496,000 to a new fund supporting students during this unprecedented time. This fund will be used to support students in need of emergency assistance. The LSU Foundation is a private organization that has raised and distributed over $1 billion of student support funds since 1948. A portion of the money raised for this new fund comes from the sale of LSU Rings.

The LSU Foundation wants to thank our entire LSU community for its generosity. We are grateful for your commitment to our students and our university. We are grateful for the incredible support that our students have received. We are grateful for the incredible support that our students have received.
