WORDS OF WISDOM

I believe the best way to get involved is to do something, even if you don't know what you're doing or you don't know where you're going. You'll learn as you go. I've found that the people you meet are some of the most interesting. They can open doors to you that you never knew existed. Help your student find their way to make new friends, meet new people, and try new things. Don't be afraid to push them out of their comfort zone. They'll learn so much more by doing things they wouldn't normally do. Who knows what they might discover about themselves and who they are! And of course, encourage your student to stay safe and have fun! Enjoy your summer together. I can't wait to see what you'll accomplish when school starts up in the fall. — Alumna Sarah Edmonds, Class of 2015

CAMPUS HIGHLIGHTS

LSU has a comprehensive Roadmap to Fall 2020, which includes our reopening, including a specific guide for students. I encourage students to check it out. We're doing everything we can to make sure our campus is safe and sound for everyone who will be coming to school this fall.

I’m excited for the new academic year. Last year was tough and I feel like we learned a lot. But for this year, I’m more excited to see what we can do as a community. I know we can do this together. We are a family and we have to support each other. So let’s make this year the best one yet!

When you see your students, please encourage them to get involved and try new things. Share your Words of Wisdom with other Tiger families. And most importantly, take care of yourself and each other. We can do this together.
