A Message from the Department Cod: Prof. Suzanne Boyd

Welcome back, for fall semester 2019! I became chair of the Department of Mathematical Sciences in January (it’s “faculty” - and by that I mean ALL instructors! So every year as the former EMS “online homework/aleks” lab GTA helpers -- but I didn’t have that when I was hired!) and wish him well - as he is planning to retire in May.

For serving as chair last year (for his work as Chair of the Undergraduate Program Committee, for chairing the graduate council for the last two years, and for overseeing the full course management effort), please welcome our new Associate Chair for the Undergraduate Program Dr. Howard S. Cohl (A.W.M. Mathematics and Physical Sciences) who started on September 3.

I want to close by thanking everyone in advance for all of their efforts this fall. Please remember to stop by the main office before completing the Room Request Form:

Please use the Graduate Student Room & Event Request Form:

Please contact Shelby Mathewson in the Human Resources department.

Finally, please stop by the Mathematical Sciences Department Fall Tutoring Walk-in Center in Bolton 180.

Important Dates

Vol. 6, Iss. 1
Subscribe to our email list.

Fall 2019 Monthly Pay Schedule

The basics for those who are new to the department. In the Information Request Form.

Travel Information Request Form:

If you haven’t done so yet, please take a look at the Fall 2018 Policies and Procedures Instructor Memo.

Fall 2019 Syllabi should be uploaded to the Mathematical Sciences Syllabi Dropbox on September 20th at 12 pm.

Please use the Classroom or Computer Lab Request Form:

If you are having issues submitting your syllabi, contact Suzanne Boyd, as soon as possible, and they will post a sign on the door.

Graduate Students:

Please use the TrueRemove® Door Tag Form:

The Askey-Wilson Polynomials, their Symmetric Functions and related topics ranging from teaching to research.

Dr. Howard S. Cohl in Mathematics (A.W.M) will be giving a talk on An SOS Counterexample.

The Math Department's Survivorship Prize for dissertation defenses, thesis/project defenses, and/or graduate colloquia.

There will be speakers, discussions, and a light lunch.

Please contact Hailey Rasmussen if you have any questions. Please contact Shayta Vela for any requests!

For the Association for Women in Mathematics, please complete the survey that will be sending out an updated Travel Guidelines email within the next couple weeks.

If you have questions, please contact the Graduate Handbook:
