A Message from the Department Code: Prov for Suzanne Boyer

Dear Students:

I am happy to announce that the Office of the Provost's Graduate and Research Excellence Fall Awards are now open. These awards are designed to recognize and support the exceptional academic achievements of our graduate students. To apply, please visit the website listed in the email and follow the instructions provided. The deadline for applications is October 1st.

Sincerely,

Suzanne Boyer

---

Reminder for Instructors:

Fall Syllabi and Private Instruction Permission Forms

For Fall 2019, all syllabi must be uploaded to the University of Wisconsin-Milwaukee's Syllabi Dropbox by September 20th. If you have any questions or concerns, please contact the Department of Mathematical Sciences at mathdept@uwm.edu.

---

Payroll Information

International Students:

Please ensure that your Social Security card is on file with the US Department of Homeland Security. If you need assistance, please contact the Department of Homeland Security at 202-260-7376 or by email at DHS-SEVP@ICE.HHS.gov.

---

Graduate Students

The start of a new semester is definitely a time for hellos and a reflection upon recent and upcoming goodbyes. We welcome new graduate students - of which 7 are from Germany here for 1 year - to our community. We have several important updates and events for the fall semester.

---

Upcoming Math Events

- **Sept 3:** MATH 135: Introduction to Calculus
- **Sept 5:** MATH 235: Calculus II
- **Sept 6:** MATH 335: Calculus III
- **Sept 10:** MATH 435: Real Analysis
- **Sept 11:** MATH 535: Complex Analysis

---

The Association for Women in Mathematics (AWM) at UW-Milwaukee will host a Women in Mathematics Career Panel on October 1st. Please join us to learn more about opportunities in the field for women.

---

Travel

The Department of Mathematical Sciences will house the math tutors that were in Physics 326, as well as provide a meeting space for graduate student colloquia. In addition to the request & Event Request Form, please use the Graduate Student Room & Event Request Form to reserve a room.

---

Thank you for your continued support of the Department of Mathematical Sciences. We look forward to a new semester filled with learning and growth.
