A Message from the Department Chair: Professor Suzanne Boyd

Dear Students,

I want to begin by thanking everyone in advance for all of their efforts as the former EMS "online homework/aleks" lab GTA helpers -- but also welcome new graduate students - of which 7 are from Germany here for 1 semester! I became chair of the Department of Mathematical Sciences in July. If you see our new staff member Allen Bell, please review the Fall 2019 Instructor Memo, who started on September 3.

Please note that we strive to improve our own teaching and outreach, we are each engaged in several activities. In the next few weeks, you will be receiving two important reminders:

1. Fall 2019 Policies and Procedures Instructor Memo
2. Student Evaluations

Please review the Fall 2019 Department Newsletter for more information regarding these reminders.

I also want to recognize the following individuals and groups:

- The Association for Women in Mathematics (AWM) will be meeting on September 3.
- The Association for Women in Mathematics (AWM) will be hosting a panel discussion on "Mathematics in the Classroom" on September 5.
- The Association for Women in Mathematics (AWM) will be hosting a colloquium on "Teaching Mathematics" on September 6.

Please contact Suzanne Boyd if you have any questions.

Suzanne Boyd
Associate Chair for the Department of Mathematical Sciences

Best regards,

Suzanne Boyd
