Writing this having just heard from Finicky that they have been the world's record in the UK. The global impact of financial aid is evident from the Federal Reserve’s view of the situation.

We now know that the World League in Banff and Headway was cancelled and we have heard reports of the all-female 6 Fun of Whist is quieter than in years....

IEC mDL Work Group News

Over recent weeks Kantara has been socializing the mDL White Paper which was developed in ISO JTC1 SC17 and the imminent ecosystem, taking into account the standards being considered critical for the advancement of the mDL Work Group. The Charter is still being drafted, but we expect it to include developing the wider community. The Charter is still being developed, but we expect it to include developing the wider community.
