The Support Framework: Your Guide to Finding Help

A new Contract Management Dashboard in final stages of development will include four new reports:

- **Incoming Payments (Receipts) Report**
- **Transaction Details**
- **Default Project Payroll**
- **Sponsored Project Agency Billings**

The following enhancements have been released on the Incoming Payments report on the Accounts Receivable Panorama:

Enhancements:

- **New feature to update receipt amounts**
- **Updated function to search by financial unit**

The following enhancements have been released on the Transaction Details report based on user feedback:

- **New tab to add project personnel**
- **Updated function to search by UCPath labor ledger**

A new tab has been added to the Default Project Payroll report to simplify creation of DrPat files for users who have access to see detailed UCPath Labor Ledger information such as person name, position, and UCPath chartstring.

There is now bi-directional linkage between the DOPES report and the Transaction Details report. Clicking on the Original DOPES - Transaction Details Linkage will initiate the process of updating the DOPES report with the most current data from the Transaction Details report.

Please note the Thursday, June 9, 2022 session on **Oracle: Buying and Paying for Financial Unit Approvers**. For those who are unable to attend, we will be posting a recording of the session to our UC San Diego Finance Help Line! Knowledgeable agents are standing by to assist you and answer your questions.

**Call the UC San Diego Finance Help Line!**
