Get Familiar with Oracle Guided Learning! (Coming February 2024)

In case you haven't heard, Oracle Guided Learning is launching February 2024. We are elevating our training and guidance resources to provide users with a more streamlined support system. As part of this transition, we are identifying and converting traditional knowledge base 'how-to' articles into the new On-Guide Learning (OGL) format. Eventually, these articles will be phased out from the Services & Support Knowledge Base. Users will be seamlessly redirected to the new, enhanced method of interacting with the system, ensuring a more efficient and user-friendly experience. Stay up to date with all the latest news, announcements, and crucial points surrounding the OGL by accessing our engaging and informative [Blink page](#). Explore various aspects of the OGL and stay in the know with ease.

Access to Concur

Active employees have direct access to Concur by using their Active Directory (AD) login credentials. In very limited cases, some affiliates may have access.

If an employee in your department was separated in UCPath and rehired, their Concur account may not always automatically re-activate in the current state. We are working with IT Services for a resolution on that issue.

New employees should have access to Concur in approximately a week after the employment start date as employee data flows from UCPath to OFC, then to Concur.

If an employee has trouble accessing Concur, below are some tips:

- The employee should check that their AD credentials are working correctly by testing to see if they can log into other systems such as UCPath and Oracle
- They should check to ensure that they are using Google Chrome and that they have cleared their cache/browsing history and attempt to log in to Concur again. Once they are logged in, make sure they are selecting University of California San Diego, not UC Office of the President.
- They should check with their department HR or Academic Personnel contact that their employee status in UCPath is active
- If all of the above have been verified and they are still having trouble logging into Concur, submit a case via [Services & Support](#), Budget & Finance, select Concur (Access or Role Inquiries) under the More Specifically section of the Get Help online form. We will work with IT Services to reactivate their account. Make sure the following information is included in the support case:
 - A detailed explanation, including a note that the employee is active in UCPath
 - Include the employee's email address and Employee ID number

Graduate Tuition Remission

Academic Year 2023-2024 Graduate Student Tuition and Fee (GSRTF) pooled rates for Graduate Student Researchers (GSRs) rates are now available at:

<https://grad.ucsd.edu/financial/employment/student-pay-rates.html>

The new GSRTF rates for 2023-2024 will increase by \$115.33 per month. Because of the late notice, we will only apply this new rate for Winter and Spring 2024 (January - June).

Tuition remission for October 2023 - January 2024 (including corrections and retroactive changes to payroll made within that time frame) will be posted to the January ledger.

For assistance with tuition remission, please submit a ticket via [Services and Support](#) and select **Financial Accounting > Graduate Student Financial Administration > Graduate Tuition & Fee Remission Accounting** or, email gradfinance@ucsd.edu. Tips & Tricks

Reminders for PO Change Orders and statuses

You cannot submit a change order on a Purchase Order (PO) that has a status of **Closed**. If you need to add funds, you should instead create a new PO. If you are trying to edit the billing information, please look into [initiating a Cost Transfer](#).

If you are looking to add funds to a PO *before* the order has been fully invoiced or closed, you can use the [Add line to existing PO](#) request form.

Closed for Receiving means that your PO is open. Please refer to the [Oracle Glossary](#) for more statuses and their meanings.
