Student leaders help recruit best and brightest
Meet our 2018-19 SCIENCE Student Ambassadors (in orange) and 2018 COSMIC Science Mentors (in purple). Together, these student leaders serve our prospective students, as well as current underrepresented freshmen in SCIENCE. If you see them in the halls, at recruiting events, or out and about on campus, feel free to thank them for a job well done in helping Clemson recruit and retain the best and brightest SCIENCE students.

Please thank them and stay in touch!

Go Tigers!

Like you, I will be wearing orange on the 29th and hopefully on Jan. 7th!

Fireworks are a time-honored tradition that you continue to enjoy – with your kids, family and virtually your browser.

You are soon to be alumni, and we encourage and challenge you to remain engaged – with your Clemson experience special. Please thank them and stay in touch!
