Trust & Internet Identity Meeting Europe

This is the premier event to learn from industry experts, contribute to the discussions, and network with Kantara members and others in the national and international identity community. Kantara's workshop is May 14 in the morning.

Kantara will be partnering with ConnectID:ID, the premier event to learn from industry experts, contribute to the discussions, and network with Kantara members and others in the national and international identity community. Kantara's workshop is May 14 in the morning.

Kantara's Executive Director, Colin Wallis, speak at this event.

This must-attend event will review policies, processes, and standards and emerging technologies utilized by government and large enterprise to unlock the potential of new services and to facilitate business growth.

IETF 108 Discussion Group (IDPV)

Last call for Use Case submissions—Deadline 31 March 2019

The NGI_Trust call for submissions opens in February to European- and national-level organizations.

The European Identity & Cloud Conference call for proposals is now open.

Join Kantara's workshop—on Thursday, May 14, 2019 at WedaCon in Las Vegas, Nevada. Check out the speaker line-up here.

Join Kantara’s workshop on Thursday, May 14, 2019 at WedaCon in Las Vegas, Nevada. Check out the speaker line-up here.

In this forum, we want to learn from experts, exchange the latest news and know-how, and network. Many Kantara members will be there, including Adrian Lane, Kantara’s Executive Director, and others.

Kantara members receive a 20% discount with MEDIA_Kantara20.

Kantara has partnered with Adunity:ID and established workshop for NIST 800-63-3; but you will have to wait a week to find out who it is. Stayed tuned!

Kantara is collecting IDPV Use Cases to be contributed for ISO 18014. The call for use cases ends February 28th.

CNIL fines Google €50 million for GDPR violations

French data protection regulator CNIL has fined Google €50 million for breaching GDPR rules by failing to stop and prevent the collecting of personal data such as IP address and cookie ID.

This is a significant milestone. Join us in celebrating this accomplishment.

2.0 submission to IETF, and Consent & Info Sharing as it settles on a 3 pronged work plan for 2019 including the legendary interop demo
