Budget & Finance Weekly Digest

To turn off Google Chrome’s Autofill feature:

1. Open Google Chrome.
2. Click on the three vertical dots in the top right corner of the browser.
3. Select “Settings”.
4. Scroll down to the bottom of the page and click “Advanced”.
5. Under “Privacy and security”, click “Autofill and passwords”.
6. Click “Color” and adjust the settings according to your preference.

For a Request, Expense Report, or Allocation, these selections do not transfer to Concur.

Google Chrome’s Autofill feature might interfere with entering your chart string by automatically filling in information from previous entries, which can lead to incorrect data being submitted.

The taxability of your order in Oracle Procurement is determined by the item, vendor, location, and department. This means that taxability varies depending on these factors.

Oracle Procurement to allow for updates in pricing. You may still order from Oracle Procurement to this Oracle Procurement.

You should now have the ability to view the correct tax amount on your order.

Inquiries email vchsauditing@ucsd.edu for How to Manage and track your order in Oracle Procurement.

Submit your order for How to Manage in Oracle Procurement to the VCHS Accounting & Reporting team. For inquiries email vchsauditing@ucsd.edu.

Corrective actions by department fund managers.
