To turn off Google Chrome's Autofill feature:

1. Click on the overflow menu icon (three vertical dots) next to the address bar.
2. Select “Settings” from the dropdown menu.
3. Scroll down to the “Autofill” section and turn off the “Fill forms and Autofill” option.

Google Chrome’s Autofill feature might interfere with entering your chart string value when creating a Request, Expense Report, or Allocation. The taxability of your order in Oracle Procurement is determined by the research equipment. You can read more about the taxability of different costs!
