Budget & Finance Support promotes training, tools, and communications to take full advantage of the financial chart string value when creating a Request, Expense Report, or Allocation. However, these selections do not transfer to Concur.

The taxability of your order in Oracle Procurement is determined by the category of the item you are ordering. This is important to note when ordering research equipment. You can read more about the taxability of different categories in the Tips & Tricks section.

The taxability of Requisitions and Purchase Orders is determined by the category of the item you are ordering. This is important to note when ordering research equipment. You can read more about the taxability of different categories in the Tips & Tricks section.

Please note that you can also search “Concur” in the UC Learning Center to find expense tips and travel policy guidelines.
