Oracle Financial Cloud

Draft to Concur Update
Any combination leading to an Oracle Financials Invoice in a Draft status will now only allow the Oracle Financials Invoice to be posted to Concur, rather than allowing the Invoice to be posted to both Concur and Oracle Financials. This change is intended to reduce system errors and improve the reconciliation process between Concur and Oracle Financials. Please note that this update does not affect invoices already posted to Concur. If you have any questions about this update, please contact Support.

A Century of Excellence: The Impact of Fiscal Responsibility

This edition highlights the importance of fiscal responsibility in managing organizational resources effectively. By fostering a culture of accountability and prudent financial management, organizations can ensure sustainable growth and success in the longer term. The key takeaways from this edition include:

- Emphasizing the role of budget and finance departments in strategic decision-making processes.
- Highlighting the benefits of adopting modern financial management tools and systems.
- Discussing strategies for optimizing resource allocation and minimizing waste.

Bottom Line:

A century of excellence is built upon the foundation of sound fiscal responsibility. By aligning financial strategies with organizational goals, managers can ensure a sustainable and prosperous future. Stay tuned for more updates!

About the Weekly Digest

The Weekly Digest is a curated selection of relevant news articles, resources, and upcoming events related to Oracle Financial Cloud and Oracle Procurement & Payables. It is delivered to your inbox each Tuesday to keep you informed of the latest developments and best practices in the finance and procurement domains.
