Finance, Planning & Budget Team (FP&B) - Announcements

For Service & Support tickets, for questions related to balances or transactions, please attach supporting reports from Oracle to the case. This will assist the Services & Support team. For questions related to funds statuses, and essential purchasing and payment terminology, visit the University Procurement Card Program. The Procurement Card team is only available at Wednesday Office Hours (11:00am - 12:00pm) or by appointment. If you or your teams have created local training materials, be sure to update accordingly.

Oracle Redwood User Interface - Launching January 2022

Oracle is building a new User Interface (UI) for all of the Oracle financial applications, including Oracle Financials Cloud and Concur Travel & Expense. UC San Diego will transition to Oracle Redwood UI during Winter Break, January 2022. After the transition, the new Oracle Redwood theme will be available to all Oracle Financials Cloud users and Concur Travel & Expense users. To prepare for the launch of the new Oracle Redwood theme, we have developed an Oracle Redwood Preparation Toolkit. For more information, visit the Oracle Redwood Information Session. Note that this is not an introductory course. Participants must first complete the University Procurement Card Program, common uses, and the Concur processes for both Procurement Card and Travel & Expense. To prepare for the launch of the new Oracle Redwood theme, there will be a chance to review the Preparation Toolkit on Tuesday, November 16, 2021 @ 1:30pm - 4:00pm. There will be a chance to discuss how best to prepare your transactions to meet the calendar year deadlines on Thursday, December 2 (9:00 - 9:30am).

Oracle Redwood User Interface - December 2021 Workshops

In order to minimize disruption and ensure the quality of your data, we are updating the following topics for the upcoming workshops:

- **Oracle Redwood Preparation Toolkit**
- **University Procurement Card Program**
- **Oracle Redwood Preview Session**
- **Oracle Redwood User Interface - Launching January 2022**
- **What is not changing?**

What is changing?

- A shift from icons to tabs on the Oracle homepage
- Improved alignment between planned resource commitments and how the IDC is applied
- Automatic calculations of IDC Assessment per cost transaction
- Slightly darker background
- Dark, global header
- Overall coloring using a different color palette, layout, look and feel:
  - No changes to your ability to perform tasks or functions within OFC
  - No changes to the data within the Oracle applications
  - No changes to any integrations or external system
  - No changes to the underlying database
  - No impact to any integrations or external system
  - No changes to the data within the Oracle applications
  - No changes to any integrations or external system
  - No changes to the underlying database

The Oracle Redwood UI updates lead to a significantly improved user experience. We look forward to the release of the reconfigured tool, and hope you will find them enjoyable. We are currently updating existing Knowledge Base Articles, KBAs, to release documentation for the new UI. To access these new KBAs, please visit the Knowledge Base. The following list provides a breakdown of key changes and benefits:
