The EQ Light Column adds another dimension to the EQ Collection!

The EQ Light Column bridges the gap between bollards and post tops, completing this versatile collection of outdoor lighting products.

Available in 8 through 14-Feet mounting heights, 10-watt, 18-watt and 28-watt LED sources, Type V distributions and 2700K, 3000K, 3500K and 4000K color temperatures. An optional flat diffuse lens minimizes up light.

EQ Light Columns are an excellent choice for courtyards and plazas. Use in conjunction with EQ bollards and post tops or standalone.
