Enhancements to the Supplier Inquiry Report + Webinar

We have made major enhancements to the [Supplier Inquiry report](#) within the Procure-to-Pay Panorama in the Business Analytics Hub (BAH). We've added a column to show which system you can use to pay your payees, added partial address information for check (PAYMT CK) supplier sites, as well as streamlined the information that is displayed in the report. We have also published a [KBA](#) to provide best practices on using the Supplier Inquiry report.

The Supplier Inquiry report should be used before inviting a payee to register in PaymentWorks, as they may already exist within our financial system. The report should also be used after receiving confirmation that a registration has been processed to ensure that the payee has been set up in the desired system.

In support of these enhancements, IPPS is hosting a webinar on July 27th from 11am to 11:45am. The webinar will provide an in-depth look to the enhancements made to the report, as well as highlight the benefits that the report provides. The registration link can be found [here](#).

Information on Potential UPS Strike

As you may have heard in the news, there is the potential for a strike by UPS represented staff at the beginning of August. IPPS is working with suppliers to understand their strategies for mitigating the potential impact and we are encouraging them to select alternate delivery services as soon as possible. If provided the choice, please avoid selecting UPS for inbound and outbound shipments or select a different supplier that can offer shipping options. Please note that as volume increases with other carriers, delays should be expected due to capacity challenges, so consider ordering only critical items in anticipation of delays in August. We will continue to provide updates as we learn them, and we appreciate your understanding as we try to minimize any impacts or delays.

Watch recorded office hours and more on our [UC San Diego Budget & Finance YouTube channel](#).

Enhancement Releases

[Graduate Student Funding Report:](#)

- New personnel role prompts have been added to the Graduate Student Funding Report. Users can now search for PI/PM/TM, MSO/DBO/CAO, Fiscal Manager, and Fund Managers.

[GL Project Balances Report:](#)

- Project Reporting Category is now a multi-select prompt and allows users to view projects that have no reporting category.
- Project Reporting Category has also been added as a field to the report.

Campus Budget Office Updates

New! Budget vs Actual Report has been rebuilt in Cognos

To provide a more efficient and user-friendly experience, CBO rebuilt the baseline Budget vs Actual Report in Cognos. This approach establishes a foundation for more detailed budget reporting utilizing data in the activity hubs. To access the new report, visit the [Planning and Budgeting Dashboard](#) in the Business Activity Hub.

Improvements of this new version so far include:

- Ability to run a single report for any of the fiscal years since Oracle implementation
- Ability to run a single report with unique tabs for Core Funds, Non-Core Funds, Summary and/or Detail views
 - Core Funds Tabs display Recurring, One-Time and Total Annual Budget figures compared against year-to-date (YTD) Actuals
 - Non-Core Funds Tabs display both Annual and YTD Total Budget figures compared against YTD Actuals

Stay tuned for future enhancements as we continue to build out a more robust suite of performance monitoring reports on the Planning and Budgeting Dashboard.

Tips & Tricks

Need Connexus Access?

Connexus is the UC system's travel portal and the place to rent a car for personal use. Access requires a Business Systems log-in. If you need Business Systems access please follow [these instructions](#). You may need to work with your department business officer or DSA to finalize your sign in information.

Removing Users You Are No Longer a Delegate For

Did you know that you are able to remove yourself as someone's delegate? No need to wait for the user to remove you, since you can do it yourself! There are two scenarios when you would want to remove yourself as a delegate:

- You transferred to a different department, and you no longer need to have access to a user's Concur profile
- The user who is still showing up in your "Act on behalf of another user" dropdown has retired/left the University

To remove the outdated user, go to your Profile Settings > Select the Expense or Request Delegate button > Toggle to the Delegate For tab. From there you will have the ability to select the box next to the name(s) of the users you want to remove and then you will click on the blue Delete button as seen in the screenshot below.

Resolving Alerts in Concur on Your Own!

Did you know that we have two Knowledge Base Articles (KBAs) that provide guidance on how to resolve alerts in Concur? The first KBA is the [How to Resolve Alerts in Concur](#) and it will assist you with troubleshooting common system messages in Concur when submitting Request and/or Expense Reports. It includes a table with **Alert Text** and the **Steps to Take** to resolve the issue to successfully submit your Request or Expense Report.

The second KBA is the [How to Resolve COA/POETAF Failed Validation Errors in Concur](#). This article also has a table that breaks down the various CoA and POETAF errors, what they mean and how you can resolve it. Both of these KBAs are a great resource to review before submitting a case about an alert that you do not know how to resolve in Concur. This will save you time and empower you to become a Concur super-user!

The Support Framework: Your Guide to Finding Help

Learning all there is to know about budget & finance can feel daunting.
