Hope your 2019 is off to a fantastic start!

As you opened these pages, you’ve already achieved something wonderful: you opened a Clemson email. Imagine if all the emails you received were like this one. Happily, they are. Happily, you are receiving messages from your alma mater.

Did you know that, in the 2018-19 academic year, there are over 200 new students joining the College of Science? That’s the equivalent of a new building added to the campus every two years. Imagine being able to open your inbox and discover the same joy, wonder, and excitement we deliver to your child each day. We can do it. We are making it happen.

The College of Science is piloting a new seminar series in spring 2019 intended to equip undergraduate and graduate students with the professional development skills they will need to work in the STEM workplace.

The College of Science is piloting a new seminar series in spring 2019 intended to equip SCIENCE students with the professional development skills they will need to work in the STEM workplace. The seminar series is designed to cover a wide range of topics, including communication, networking, and networking. By attending these seminars, students will gain valuable insights into the world of STEM and develop skills that will help them succeed in their careers.

Perfect in every way

En route to their second national championship in three years, the Clemson Tigers became the first team in the modern era to go 15-0, anointing the 2018-2019 squad as the “greatest college football team of all time.” The Tigers crushed the vaunted Alabama Crimson Tide 44-16 on Jan. 7 in Santa Clara, California. True-freshman quarterback Trevor Lawrence led the charge, playing perfectly.

As you basked in the Clemson spirit in Santa Clara witnessing our Clemson Tigers win the national championship, I heard Coach Swinney say in his interview, “We were not chasing the national championship, we were focused on being the best we could be every day.” Chasing excellence is what defines a perfect season.

Perfect in every way.
