Some of you benefit from a scholarship or fellowship established by a gift to the University. If you are one of these recipients for the 2018-19 academic year, you should have received an email requesting that you complete a Student Profile and a handwritten Thank You Note. Please check your email and complete the Student Profile on or before Jan. 31. It is important that we build on our culture of philanthropy at Clemson, and your help in thanking our donors is critical.

PERFECT IN EVERY WAY

Workshop to focus on the rising field of Data Science

Learn from Clemson researchers how the tools of data science are being used to solve problems and impact the world around us. Topics will include statistics, algorithms, analytics, optimization and more. Clemson researchers have presented at conferences in China, Germany, and the United States.

Perfect in every way

En route to their second national championship in three years, the Clemson Tigers became the first team in the modern era to go 15-0, annointing the 2018-2019 squad as the “greatest college football team of all time.” The Tigers crushed the vaunted Alabama Crimson Tide 44-16 on Jan. 7 after an unbeaten season, becoming the first team in NCAA history to win the national championship after going 15-0.

Clemson researchers work with citizen-scientists to better understand diversity of rattlesnake venom

Clemson researchers work with citizen-scientists to better understand diversity of rattlesnake venom. Every year, researchers and citizens from five separate locations across the U.S. and Mexico pack with lethal venom, though they rarely strike unless provoked. Image courtesy of Travis Fisher

The College of Science joins the Clemson University family in congratulating coach Dabo Swinney and the ultra-talented team of coaches and players. Up next: three out of four?

New lecture series promotes professional development to SCIENCE students

The College of Science is piloting a new seminar series in spring 2019 intended to equip SCIENCE undergraduate and graduate students with the professional development skills they will need to succeed in science-related fields. A celebration of professionalism – the seminar series will run on Mondays from 5:30-6:30 p.m. in the Watt Center, room 106. Lectures are designed for students, but are also open to faculty and staff.

SCHOLARSHIP AND FELLOWSHIP RECIPIENTS

Scholarship and fellowship recipients

Here are your recipients of the 2018-2019 College of Science Scholarships, Fellowships, and Awards. We are very proud of you and the work you do. Keep the Spring Semester going strong!

Go Tigers!
