College of Science joins the Clemson University family in congratulating coach Dabo Swinney and the Clemson football team of all time.” The Tigers crushed the vaunted Alabama Crimson Tide 44-16 on Jan. 7 in Santa Clara, California. True-freshman quarterback Trevor Lawrence led the charge, playing the first team in the modern era to go 15-0, anointing the 2018-2019 squad as the “greatest college football team of all time.”

En route to their second national championship in three years, the Clemson Tigers became the first team in every way.

Perfect in every way

In route to their second national championship in three years, the Clemson Tigers finished the 2018 season as the No. 1 College Football Playoff team. Clemson’s unflappable quarterback Trevor Lawrence led the way, finishing the season as the Heisman Trophy winner and the first college football player to win the Maxwell Award and the Davey O’Brien Award.

Some of you benefit from a scholarship or fellowship established by a gift to the University. If you are one of these recipients for the 2018-19 academic year, you should have received an email requesting that you complete a Student Profile and a handwritten Thank You Note. Please check your email and complete the Student Profile on or before Jan. 31. It is important that we build on our culture of philanthropy at Clemson, and your help in thanking our donors is critical.

Workshop to focus on the rising field of Data Science

Ten faculty will present their research at the four-hour workshop at Watt Auditorium. Featuring leading experts in the fields of statistics, machine learning, and data science, the workshop is open to students, faculty, and staff – but are also open to faculty and staff.

Mondays from 5:30-6:30 p.m. in the Watt Center, room 106. Lectures are designed for students – "Perfect in every way Touchdowns and treats: A holiday message from Dr. James Holderman and his ultra-talented team of coaches and players. Up next: three out of four?"

Have the best Spring Semester!

As you set your 2019 goals, I offer you this for your consideration: “I will be the absolute best I can be – every day – in the classroom, in the field, in the lab, in my life.” As your professors, advisors, family, and peers push you to generate new ideas, to focus and work harder, and to be resilient in your pursuit of excellence, please remember that image of Coach Swinney and the Clemson researchers work with citizen-scientists to better understand diversity of rattlesnake venom

The College of Science is piloting a new seminar series in spring 2019 intended to equip SCIENCE undergraduate and graduate students with the professional development skills they will need to prepare you – the next generation of scientists.

New lecture series promotes professional development to SCIENCE students

The College of Science is piloting a new seminar series in spring 2019 intended to equip SCIENCE undergraduate and graduate students with the professional development skills they will need to prepare you – the next generation of scientists.

As we relentlessly pursue excellence in science, we may not have national championships, but we will have a tremendous positive impact as we tackle tomorrow’s greatest scientific challenges. Just imagine: the things we will do!
