internal, and campus-facing reporting with a specialization on Oracle reports. We're excited about Lynda's continued growth within IPPS and the new varied impact transition, and overseeing our first reverse auction.

We're pleased to announce the addition of Kathleen Valdez to IPPS Analytics. Kathleen will bring higher education and financial experience to IPPS as the new staff analyst. She joins IPPS with over five years of experience in reports, analytics, and data systems. Kathleen’s experience includes analyzing and improving data warehouse and reporting solutions within an institutional setting.

We would like to extend our congratulations to Lynda Krouse on her recent promotion to Supervisor of Professional Services. Lynda started with UC San Diego and IPPS in 2014 as a student supporting the Professional Services database and currently supports Oracle reports and transactions. Lynda provided a stable hand to the team and is thrilled to support her colleagues in her new role.

As part of our commitment to supporting small and diverse businesses, we urge you to think surplus first! Visit surplus.ucsd.edu and make an appointment to come in and peruse our aisles in person. Save. Earn. Recycle. materials for your upcoming DIY projects! Go to surplus.ucsd.edu and learn and on the future. Associate Controller and Chief of Staff, John Chittenden, has been a champion of sustainability and waste reduction initiatives at UC San Diego. He is dedicated to reducing our environmental impact and promoting responsible resource management.

As part of the University of California's Carbon Neutrality response to this growing atmospheric problem, primarily from the burning of fossil fuels, we are committed to reducing our emissions and transitioning to renewable energy sources. We hope to eliminate the emissions released during the last mile of deliveries to and from Price Center.

New Electric Bike

Logistics

While we continue to work on sustainability, we are also investing in new technologies to support our travelers. We are excited to introduce the new electric bikes available at Logistics. These bikes are designed to be easy to use and environmentally friendly. They are perfect for short trips around campus or for those who want to reduce their carbon footprint.

Car rental shortages are not exaggerated and rates have gone up by 30%. Navigating the rental car shortage when it's time to book travel, go with Concur.ucsd.edu! We encourage you to book early to ensure you get the best rates.
